

Schedule Your Screening Mammogram

No doctor's order needed or approval from VCHCP

Schedule a screening with any VCHCP contracted radiology facility.

No copay

for screening mammograms at any contracted facility.
Mammogram does not require prior authorization.

Call ahead

to confirm availability and hours, as they vary by location.

Recommended Screening Schedule

VCHCP and the U.S. Preventative Services Task Force recommends a screening every **2 years** for women **ages 40–74**.

Reminder: Please request that your results be sent to your primary care doctor. Copay applies for diagnostic mammograms.

Bring this card to your appointment and give it to the radiology office.
